

Software Options

E Monitor Pro 2

Performance, analysis, comparative data-base recording and performance management software.

E monitor Pro 2 allows both real time and recorded display in excel files, of paddling performance on a stroke by stroke basis.

The following parameters are displayed / recorded - Distance, Stroke number, Stroke rate, Stroke length, Heart rate, Speed, Watts, Ave Watts, Drag, Graphic Power curves.

Record, compare and overlay past performances of your own and of other Athletes and their previous performances- this can be critical in developing race plans and race strategies and to compare yourself with other athletes.

E Monitor pro 2 is essential in order to determine athletes weight adjusted contribution to a boat.

i-Race Express

- i-Race Express allows Multistroke Ergometers located in the same physical location to be hard-wire connected together, in series, to race on-screen using user imputable distance, displayed on a visual buoyed, laned "Regatta Course" format.
- Easy quick and simple to use.
- Pace paddlers can be set to accompany you during your workouts.
- Course distances set by the user.
- Ideal for either training individually, or in a club/group situation, where participating athletes can see their real-time, relative and actual performance against other athletes in their training group.

Dragon Boat Ergometer, Outrigger Ergometer

Unparalleled replication of 'on-the-water' Dragonboating.

Multistroke is the first Ergometer specifically designed for Dragon Boat Athletes or for Outrigger / Sit-and-Switch / Pro-Canoe Athletes. Unlike any other Ergometers available, Multistroke can precisely replicate the resistance and the on-the-water feel of Dragon Boat and Outrigger, paddling.

The 2 different Ergometer options available, allow you to be able to select the Ergometer that is specific to your sport.

KayakPro USA LLC supplier of

On Board Computer shows:

- Distance
- Time
- Stroke rate
- Heart rate
- Power output in Cal/J.
- Time elapsed
- Count down distance or time
- Projected or Pace speed
- Heart rate
- Pace
- Speed
- and connection to PC software options.

KAYAKPRO
PERFORMANCE WITHOUT COMPROMISE

MULTISTROKE O1-M Outrigger Ergometer

- Moveable "Switch-Arm" allows easy sit 'n' switch, side-to-side changeover.
- Contoured Kayak Style seat
- Adaptable and adjustable foot position supports
- On board Console with real time data
- Infinitely adjustable resistance level
- Delay Proof catch

Both Multistroke Ergometers are fitted complete with the following features:

- Connectable to our interactive Software programs- offering scientific analysis and machine-to-machine training and competition.
- Roll-able wheels, for easy storage.
- 1 Year all parts and materials warrantee.

MULTISTROKE D1-M Dragon Boat Ergometer

- Flat platform seat
- Lockable Switch arm
- On board Console with real time data feed back
- Infinitely adjustable resistance level
- Delay Proof catch

"Perfect practice makes perfect."
