EXCELLENCE IS COINCIDENCE

KAYAKPRO

THE KAYAKPRO SUP ERGOMETER REPLICATES SUP PADDLING PRECISELY.

Sure, it may be nice to be on the water all the time but, due to limitations of time, cold and inclement weather, limited daylight hours and other factors this is not always possible. However, the good news is that the KayakPro SUP Ergometer can actually promote a better SUP specific fitness and strength workout than on the water! Allowing you to stay in shape and take advantage of all the undoubted benefits of SUP paddling all year around. The KayakPro SUP Ergometer can be upgraded [by purchasing the available upgrade pack] to a Multistroke O1-M outrigger Ergometer – this allows you 2 x uses with one machine!

UNIQUE FEATURES

- “FEEL-REAL” FULLY INTERACTIVE ADJUSTABLE INSTABILITY STAND-ON BOARD.
- PATENT PENDING, SILKY SMOOTH CATCH AND ADJUSTABLE RESISTANCE PADDLING ACTION.
- ON-BOARD CONSOLE WITH PRECISE DATA FEEDBACK.
- ADJUSTABLE SHAFT / PADDLE TO ALLOW YOU TO REPLICATE YOUR OWN SUP BOARD SET UP MATRIX.
- UPGRADE SOFTWARE TO ALLOW MACHINE TO MACHINE INTERACTIVE TRAINING FUN AND RACING.

THE KAYAKPRO SUP ERGOMETER’S ATHLETE WEIGHT-ADJUSTED ON-BOARD CONSOLE DISPLAYS:

- DISTANCE
- TIME
